

The arrival time given to you from Center for Sight for your surgery is a **TENTATIVE** time until you have spoken to the pre-admissions nurse from North Florida Surgery Center. This telephone interview is mandatory before surgery. Without speaking to the nurse your surgery may be delayed or cancelled upon your arrival. If you have not spoken to the nurse two business days before your surgery please call **494-1588** and ask for the pre-admissions nurse.
